WE CARE LIKE FAMILY

Laryngoscope Blades /Handles

4024-4028
Macintosh Blade

4029-4034
Miller Blade

4035
Disposable Handle
(4036 not pictured)

Used as a primary tool for examining the interior of the larynx or for placement of an endotracheal tube

- *Variety of blade attachments (Miller and Macintosh) with fiber optic light source*
- *Eliminates the risk of cross-contamination from both blades and handles*
- *Stainless steel construction*
- *Laryngoscope blades are rigid*
- *Precise control to elevate the epiglottis*
- *Tip has non-pinching design*
- *Blades are sterile; handles are non-sterile*
- *Blades fit on both Penlight and Standard handles*
- *Laryngoscope blades and handles are interchangeable with Welch Allyn*
